## IF Directorate awards nearly \$1.8M to universities

*by Francis L. Crumb, Information Directorate*

**ROME, N.Y.** — The Air Force Research Laboratory (AFRL) Information Directorate at Rome has recently awarded contracts and grants totaling \$1,767,471 to colleges and universities across the country.

Institutions receiving funds for research programs related to the directorate's information technology mission include:

- **State University of New York-Binghamton**, \$700,000, "Mathematical Foundations of Steganalysis."
- **State University of New York-Binghamton**, \$36,995, "Optimization of Parallel Discrete Event Simulation on High Performance Clusters."
- **University of Colorado**, \$306,162, "Next Generation Dialect Detection & Classification."

— **College of Staten Island**, \$299,937, "A Predictive-Transform (PT) Compression Architecture and Methodology for Kassper Systems."

— **University of Alabama**, \$200,525, "Development of Enhanced Interactive Datawall for Data Fusion and Collaboration."

— **New York University**, \$150,000, "Asbestos: Securing Untrusted Software with Interposition."

— **State University of New York-Buffalo**, \$49,942, "Wireless Technologies."

— **Northwestern University**, \$13,000, "CogSci Applications."

— **Wright State University**, \$10,910, "The Extended Development of JBI Publishing for Embedded Assets." @
